**Would you like to take your counseling skills and make money with them?**

Process seem overwhelming? How do you begin? You got to have space, furniture, phone, bookkeeping, marketing, etc., etc.

Most counselors don't know where or how to start.

With this one day workshop you will leave with a plan, and have a follow up session to get your questions answered and to know what is next thing you have to do.

## **Included in this training**

- **How to get a furnished office for less than \$150 a month**
- **What you need to start, the basics, cards, signs, etc**
- **How to establish your niche**
- **Money- set up your business account.**
- **Where to get your first clients**
- **How to attract other clients**
- **How to get referrals**
- **No cost marketing**
- **How to establish a website**
- **Plus, much, much, more.....**

During the training you will have time to explore the options of **your** private practice.

Participants will leave with an individual plan to start their practice. Within 2 weeks, I will provide with a 30 minute individual coaching session(\$125 value). At this point we can check progress and obstacles.

Due to the nature of this workshop, I have to limit it to only 10 participants.

The cost is \$200.00 for the 6 hours of class. The 30 minute follow up session(\$125 value) is at no cost to you.

February 2015 the cost of the workshop and follow up session will go up. To obtain more information go to **Nicks counseling.com** Contact Nick: [nicks11@aol.com](mailto:nicks11@aol.com) Phone 207-749-0492
